DETAILED ACTION

Allowable Subject Matter

Applicant has amended the independent claim 19 to overcome the prior art rejection of the previous office action. Claims 19 and 22-33 are allowed. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims:

References Ishinaga (US 6,608,334), Arndt et al. (US 6,459,130), and Hanamoto et al. (US 5,291,038) do not disclose:

- The reflector block of the reflector has a notch to extend downwardly from an upper surface of the reflector in the direction toward the second wiring conductor from the light-emitting element to communicate the hole with an outside of the reflector block. The lead wire passes through the notch and strides over the reflector to electrically connect the light-emitting element and the second wiring conductor.

Therefore, the above references do not disclose the claimed invention of present application and claims 19 and 22-33 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Wai-Sing Louie whose telephone number is 571-272-1709. The examiner can normally be reached on 7:30 to 5:00.
